

## **To all participants who will come to the conference venue**

### Request for prevention of COVID-19

The second-round vaccinations must be completed at least 14 days prior to the first day of participation (December 1).

For those who have not been vaccinated for 2 weeks after completion of vaccination (2 doses), PCR test within 72 hours must be negative, or antigen qualitative test within 24 hours must be negative.

Even if you have been vaccinated, if you have any of the following symptoms, or if it applies to you, do NOT come to the conference venue.

- Have a fever of 37.5°C or more, or if the fever continues
- Have symptoms of a cold (fever, cough, sneezing, sore throat, etc.)
- Feel severe fatigue or breathlessness (difficulty breathing)
- Have tested positive for COVID-19
- Have a doctor's order to stay home
- Have any other concerns about physical condition
- There are any patients around you with COVID-19 infection or tested positive
- There are people around you who has been in high-risk contact with COVID-19
- Within 14 days of entering Japan from a country or region where the government has imposed restrictions on entry

\*The registration fee will not be refunded even if you are unable to enter the venue.

\* If you have a temperature of 37.5°C or higher at home or at the hotel and wish to cancel your visit, please contact the registration office by e-mail. If you are too sick to send us an email, there is no need to contact us.

### Request for COVID-19 prevention in the conference venue

- Wear a mask at all times while in the conference venue.
- Please cooperate with cough etiquette, wash your hands frequently, and disinfect your hands thoroughly.
- Please refrain from talking loudly with the other participants in the session room and in the lobby.
- We ask for your cooperation in maintaining a social distance between the participants.
- Please refrain from lending and borrowing items between participants.

If there is a possibility of an outbreak of infectious disease in the venue, or if there is a request for disclosure from the local government or public health center, we may provide information to the designated organization for the purpose of identifying contacts.

Participants may also be asked to cooperate with interviews and other surveys.
